

FAMILY TRIP TO KUKUP ISLAND

FAMILY TRIP TO KUKUP ISLAND

(Date: September 25, 2004)

On September 25, employees from Thiam Joo Malaysia (Johor Bahru branch) and their family members had a 2 days 1 night trip to Kukup Island, Johor Bahru, Malaysia. The family trip was the first activity being organized in conjunction with the formation of the Sport Club in 2004.

The objective of the trip was to build up rapport among colleagues from all departments in the company. Activities such as family games, team building, and Eco Tour were carried out to strengthen relationship between employees as well as family members. A total of 36 adults and 21 children participated in this trip.

Through team building and small group sharing session, participants got to understand each other better in term of individual's personality, strengths and weaknesses and their ability and vital roles in the company. More understandings had been developed through these activities, which could be very helpful for employees to carry out their daily job function especially when their job involve other personnel or departments. The management was very please with the result of the event and hope the employees could continue to organize similar avtivities to achieve better understanding and harmony.
