

## CONTRIBUTION FOR THE TSUNAMI FUNDS

(Date: January 15, 2005)

The Asia Tsunami occurrence left a gloomy memoir in everyone's life. Though we are fortunate to be not living in the affected areas, we do share the pain and trauma of the victims and their families. We endeavor to provide whatsoever assistance but the least that we can do is to pray for the unfortunate, as well as a little monetary contribution to help the relief and rebuilding works in the affected areas.

This has been a major employer-employees joint-event for Dovechem. The Dovechem management and staff had a small fund raising campaign for the tsunami victims, and this was strongly supported by the Dovechem with a top-up of RM 1.00 for every RM 1.00 donated by the management and staff.

In total, The Dovechem Group contributed about RM 65,000 to the Tsunami relief funds. Companies under the Dovechem arm who has made the contributions are:

- 1) PT. Mulya Adhi Paramita & PT. Dover Chemical in Indonesia - Rp 100,000,000;
- 2) Thiam Joo (Malaysia) Sdn Bhd in Malaysia - RM 2,500;
- 3) TJS Pte Ltd & TJS Services Pte Ltd in Singapore - SGD 2,000;
- 4) Dovechem Management and staff – RM 11,300

The Dovechem management was very pleased with the initiatives and thoughtfulness of the employees. The Dovechem and her employees had showed not only they care but "Care for All".
